17  
18 IT IS HEREBY STIPULATED AND AGREED by and between the  
19 parties to the above-entitled proceedings that the following  
20 matters are true:

21 1. There is currently on file before the Medical Board  
22 of California (hereinafter "Board") an Accusation, dated April  
23 14, 1993, in Case Number D-5171, directed against Dan Tzuoh Lee,  
24 M.D. (hereinafter "respondent").

25 2. Respondent acknowledges that he has been properly  
26 served with said Accusation and has reviewed it with his attorney  
27 of record, Albert J. Garcia, Esq. of the law offices of James Jay

1 Seltzer.

2           3. Respondent has discussed the instant Stipulation  
3 for Settlement with his counsel, including all admissions,  
4 stipulations and recitals contained herein, and fully understands  
5 its effect.

6           4. Respondent understands that but for this  
7 Stipulation for Settlement he has the right to a hearing on the  
8 charges and contentions in the Accusation, including the right to  
9 confront and cross-examine the witnesses against him, the right  
10 to counsel, the right to testify and present evidence in his own  
11 behalf, the right to issue subpoenas to compel the attendance of  
12 witnesses and the production of documents, the right to a written  
13 decision following a hearing, the right to reconsideration,  
14 appeal and any and all other rights accorded to him under the  
15 California Administrative Procedure Act and the California Code  
16 of Civil Procedure.

17           5. Respondent freely, voluntarily, knowingly and  
18 intelligently waives each of the rights set out at above numbered  
19 paragraph 4.

20           6. Respondent stipulates as follows:

21           A. The facts alleged in paragraphs 1 and 2 of the  
22 Accusation are true and correct.

23           B. As to the factual allegations contained in  
24 paragraphs 7 through 9 of the Accusation, complainant can  
25 establish a prima facie case as to said facts, and respondent  
26 waives his right to defend against them.

27           7. Pursuant to the stipulations in above numbered

1 paragraph 6, respondent agrees that the Board may take  
2 disciplinary action against Physician's and Surgeon's Certificate  
3 Number C-41308 under the authority of sections 2227 and 2234 of  
4 the Business and Professions Code.

5 8. All stipulations, admissions and recitals contained  
6 herein are made solely for the purpose of settling Case Number D-  
7 5171, and may not be used in any other proceeding, excepting a  
8 license denial or disciplinary proceeding maintained by a state  
9 medical board or similar federal or governmental agency.

10 9. In consideration of the foregoing admissions and  
11 findings, the parties stipulate and agree that the Board shall,  
12 without further notice or formal proceeding, issue and enter the  
13 following order:

14 **DISCIPLINARY ORDER**

15 **IT IS HEREBY ORDERED** that Physician's and Surgeon's  
16 Certificate Number C-41308, issued to respondent, Dan Tzuoh Lee,  
17 M.D., is revoked. However, said revocation is stayed and said  
18 certificate is placed on probation for three years on the  
19 following terms and conditions:

20 1. **ORAL OR WRITTEN EXAM**

21 Within sixty (60) days of the effective date of this  
22 decision, respondent shall take and pass an oral clinical  
23 examination in obstetrics and gynecology. If respondent fails  
24 this examination, respondent must take and pass a reexamination  
25 consisting of both a written examination and oral clinical  
26 examination. The waiting period between repeat examinations  
27 shall be at ninety (90) day intervals until success is achieved.

1 Respondent shall pay the cost of each examination.

2           If respondent fails the first examination, respondent  
3 shall cease the practice of medicine until the reexamination has  
4 been successfully passed, as evidenced by written notice to  
5 respondent from the Division of Medical Quality (hereinafter  
6 "Division") or its designee. Failure to pass the required  
7 examination one hundred (100) days prior to the termination date  
8 of the probationary period shall constitute a violation of  
9 probation.

10           2. EDUCATION COURSE

11           Within ninety (90) days of the effective date of the  
12 decision, and on an annual basis thereafter, respondent shall  
13 submit to the Division or its designee, for its prior approval,  
14 an educational program or course to be designated by the Division  
15 or its designee, which shall not be less than forty (40) hours  
16 per year, for each year of the probationary period. This program  
17 shall be in addition to the Continuing Medical Education  
18 requirements for relicensure. Following the completion of each  
19 course, the Division or its designee may administer an  
20 examination to test respondent's knowledge of the course.  
21 Respondent shall provide proof of attendance for sixty-five (65)  
22 hours of continuing medical education of which forty (40) hours  
23 were in satisfaction of this condition and were approved in  
24 advance by the Division or its designee.

25           3. ETHICS

26           Within sixty (60) days of the effective date of the  
27 decision, respondent shall submit to the Division for its prior

1 approval a course in Ethics, which respondent shall successfully  
2 complete during the first year of probation.

3 4. MONITORING

4 Within thirty (30) days of the effective date of the  
5 decision, respondent shall submit to the Division or its  
6 designee, for its prior approval, a plan of practice in which  
7 respondent's practice shall be monitored by another physician in  
8 respondent's field of practice, who shall provide periodic  
9 reports to the Division or its designee.

10 During the first year of probation, respondent shall  
11 submit to monthly inspection by his monitoring physician of his  
12 patients' hospital charts and spot checks of the patient charts  
13 maintained in his office. Any irregularities in treatment or  
14 charting shall be reported to the Board. During the second and  
15 third years of the probationary period, respondent shall submit  
16 to random checks of his patients' hospital and office charts by  
17 his monitoring physician.

18 If respondent's monitoring physician resigns or is no  
19 longer available, respondent shall, within fifteen (15) days of  
20 his monitor's resignation or unavailability, move to have a new  
21 monitor appointed, through nomination by respondent and approval  
22 by the Division or its designee.

23 5. COST OF INVESTIGATION

24 Respondent shall pay the sum of \$1,350.00 as the  
25 reasonable costs of the investigation, pursuant to Business and  
26 Professions Code section 125.3. Said sum shall be paid to the  
27 Division or its designee within thirty (30) days of the effective

1 date of the decision. The filing of bankruptcy by respondent  
2 shall not relieve respondent of his responsibility to reimburse  
3 the Division for its investigative and prosecution costs.

4 6. OBEY ALL LAWS

5 Respondent shall obey all federal, state and local  
6 laws, and all rules governing the practice of medicine in  
7 California.

8 7. QUARTERLY REPORTS

9 Respondent shall submit quarterly declarations under  
10 penalty of perjury on forms provided by the Division or its  
11 designee, stating whether there has been compliance with all of  
12 the conditions of probation.

13 8. SURVEILLANCE PROGRAM

14 Respondent shall comply with the Division's probation  
15 surveillance program.

16 9. INTERVIEW WITH MEDICAL CONSULTANT

17 Respondent shall appear in person for interviews with  
18 the Division's medical consultant upon request at various  
19 intervals and with reasonable notice.

20 10. TOLLING FOR OUT-OF-STATE PRACTICE OR RESIDENCE

21 The period of probation shall not run during the time  
22 respondent is residing or practicing outside the jurisdiction of  
23 California. If, during probation, respondent moves out of the  
24 jurisdiction of California to reside or practice, respondent must  
25 notify the Division or its designee in writing of the dates of  
26 departure and, if applicable, his date of return.

27 ///

11. MEDI-CAL REIMBURSEMENT

Respondent's license shall not be affected by section 16.01 of the Budget Act of 1996, related to Medi-Cal reimbursement, since compelling circumstances exist that warrant continued Medi-Cal reimbursement during the probationary period.

12. LICENSE SURRENDER OPTION

Following the effective date of this decision, if respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the terms and conditions of probation, respondent may voluntarily tender his certificate to the Board. The Division reserves the right to evaluate the respondent's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the tendered license, respondent will no longer be subject to the terms and conditions of probation.

13. COMPLETION OF PROBATION

Upon successful completion of probation, respondent's certificate will be fully restored.

14. VIOLATION OF PROBATION

If respondent violates probation in any respect, the Division or its designee, after giving respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an accusation or petition to revoke probation is filed against respondent during the probationary period, the Division or its designee shall have

1 continuing jurisdiction until the matter is final, and the period  
2 of probation shall be extended until the matter is final.

3  
4 CONTINGENCY

5 This stipulation shall be subject to the approval of  
6 the Board. Respondent understands and agrees that Board staff  
7 and counsel for complainant may communicate directly with the  
8 Board members regarding this Stipulation for Settlement, without  
9 notice to or participation by respondent or his counsel. If the  
10 Board fails to adopt this Stipulation as its Decision and Order,  
11 the Stipulation shall be of no force or effect for either party,  
12 it shall be inadmissible in any legal action between the parties,  
13 and the Board shall not be disqualified from further action in  
14 this matter by virtue of its consideration of this Stipulation.

19 The Complainant alleges:

20 BRIEF STATEMENT OF THE CASE

21 This case involves the treatment and management of 17  
22 (seventeen) patients of Dr. Dan T. Lee. All of the incidents  
23 mentioned *infra* occurred at Garfield Medical Center, located at  
24 525 N. Garfield Avenue in Monterey Park, California. Two of the  
25 incidents involved injury to infants delivered by Dr. Lee; ten of  
26 the incidents involved the mismanagement of the patients; and six  
27 of the incidents involved problems with Dr. Lee not being

1 available for treatment of his patients or delivery of their  
2 infants.

3 PARTIES

4 1. Complainant, Dixon Arnett, is the Executive Director  
5 of the Medical Board of California (hereinafter the "Board") and  
6 brings this accusation solely in his official capacity.

7 2. On or about March 26, 1977, Physician's and Surgeon's  
8 Certificate No. C41308 was issued by the Board to Dan Tzuoh Lee,  
9 M.D. (hereinafter "respondent"), and at all times relevant to the  
10 charges brought herein, said license has been in full force and  
11 effect.

12 JURISDICTION

13 3. This accusation is brought under the authority of  
14 the following sections of the California Business and Professions  
15 Code (hereinafter the "Code"):

16 4. Sections 2003 and 2004 of the Code provide, in  
17 pertinent part, that the Division of Medical Quality (hereinafter  
18 the "Division") within the Medical Board of California is  
19 responsible for the enforcement of the disciplinary provisions of  
20 the Medical Practice Act, for the administration and hearing of  
21 disciplinary actions, for carrying out disciplinary actions  
22 appropriate to findings made by a medical quality review committee,  
23 the division or an administrative law judge, and for suspending,  
24 revoking or otherwise limiting certificates after the conclusion  
25 of disciplinary actions.

26 5. Section 2227 provides that the Board may revoke,  
27 suspend for a period not to exceed one year, or place on probation,

1 the license of any licensee who has been found guilty under the  
2 Medical Practice Act.

3 6 Section 2234 provides that unprofessional conduct  
4 includes, but is not limited to, the following:

5 "(a) Violating or attempting to violate, directly or  
6 indirectly, or assisting in or abetting the violation of, or  
7 conspiring to violate, any provision of this chapter.

8 (b) Gross negligence.

9 (c) Repeated negligent acts.

10 (d) Incompetence.

11 (e) ...

12 (f) ...

13 CAUSES OF ACTION

14 I

15 GROSS NEGLIGENCE

16 7. Respondent Lee is subject to disciplinary action  
17 under section 2234(b) of the Code in that he repeatedly committed  
18 acts of negligence and incompetence which showed a pattern of gross  
19 negligence in his treatment and/or management of seventeen  
20 patients. The circumstances are as follows:

21 //

22 //

27

1           A.    PRIMARY FACTUAL ALLEGATIONS

2                   (1)   PATIENT #1, BABY GIRL C.<sup>1/</sup> (765672)<sup>2/</sup>

3                   (a) On or about April 13, 1988, respondent was  
4                   the primary physician handling the labor and delivery for  
5                   prenatal patient Aifen C., the mother of Baby Girl C.

6                   (b) During the delivery of Baby Girl C.,  
7                   respondent poorly applied and/or misapplied the forceps,  
8                   causing a laceration above the eyebrow of the infant.

9                   (c) This case involves injury to an infant.

10                  (2)   PATIENT #2, MARIA A. (765883)

11                  (a) On or about March 18, 1988, respondent's  
12                  27 year-old prenatal patient Maria A. was admitted to the  
13                  hospital for labor and delivery of a child.

14                  (b) At approximately 12:15 A.M., respondent  
15                  was telephoned regarding patient Maria A.; his telephone  
16                  line remained busy and he could not be reached.

17                  (c) Maria A.'s baby was delivered by another  
18                  physician at 2:10 A.M. on March 18, 1988.

19                  (d) Respondent was not available for the  
20                  delivery of his patient.

21  
22  
23  
24                  1. For privacy reasons, only the initials of the last  
25                  name of the respective patients will be used in this accusation.  
26                  The names of the patients will be provided to respondent in  
27                  discovery, if requested.

2                  2. The number in parenthesis refers to the patient's  
3                  hospital chart number given by Garfield Medical Center.

1                   (3) PATIENT #3, HELEN V. (762520)

2                   (a) On or about February 10, 1988, respondent's  
3 29 year-old prenatal patient Helen V. was admitted into  
4 labor and delivery.

5                   (b) Respondent examined this patient at 7:00  
6 A.M. at the hospital. He subsequently left the hospital.

7                   (c) The labor and delivery section of the  
8 hospital telephoned the respondent regarding Helen V. at  
9 12:30 P.M., 1:00 P.M., 1:30 P.M., 2:00 P.M., 3:00 P.M.,  
10 3:30 P.M. and 5:00 P.M., all without a response.

11                   (d) Respondent Lee arrived at the hospital at  
12 6:30 P.M.

13                   (e) The respondent was unavailable for the  
14 treatment and management of patient Helen V.

15                   (4) PATIENT #4, TERESA S. (762943)

16                   (a) On or about February 11, 1988 respondent's  
17 18 year-old prenatal patient Teresa S. was admitted to  
18 the hospital at 11:25 A.M.

19                   (b) Respondent was beeped at 1:10 P.M.  
20 regarding patient Teresa S.; respondent did not respond  
21 to his beeper.

22                   (c) Patient Teresa S. gave birth at 1:57 P.M.,  
23 attended by another physician.

24                   (d) Respondent Lee was unavailable for the  
25 delivery of this patient.

26  
27

1 (5) PATIENT #5, CHAU T. (748866)

2 (a) Respondent Lee was the primary physician  
3 for 32 year-old prenatal patient Chau T.

4 (b) Patient Chau T. reported that she had been  
5 having a dark brown discharge and a pink fluid discharge  
6 since June 1, 1988, a Wednesday.

7 (c) On June 2, 1988, patient Chau T. was seen  
8 in the respondent's office and given an ultrasound.

9 (d) There is no documentation in the  
10 respondent's medical records for patient Chau T. that  
11 respondent had examined said patient for a rupture of  
12 the membranes on 6-2-88, nor is there any documentation  
13 in her medical records that respondent Lee performed a  
14 follow-up examination for rupture of membranes.

15 (e) Patient Chau T. related that on June 4,  
16 1988, a Saturday, she had pain.

17 (f) On or about June 5, 1988 at 8:30 A.M.  
18 patient Chau. T. was admitted to the hospital with a  
19 premature rupture of the membranes associated with  
20 symptoms of infection.

21 (g) The patient was at 26 weeks gestation.

22 (h) Patient Chau T. had a temperature of 101.2  
23 with fetal tachycardia (increase in fetal heartbeat).

24 (i) Fetal tachycardia is a sign of possible  
25 fetal distress.  
26  
27

1 (j) A premature infant, weighing 1 pound, 13  
2 ounces was delivered via Cesarian Section by the  
3 respondent at 9:02 P.M.

4 (6) PATIENT #6, IRIS R. (770009)

5 (a) On or about June 29, 1988 at approximately  
6 8:00 P.M. respondent's 29 year-old prenatal patient Iris  
7 R. was admitted to the hospital with questionable fetal  
8 heart tones.

9 (b) At 9:04 P.M., a stillborn girl was  
10 delivered via Cesarian Section by the respondent.

11 (c) There was no documentation in respondent's  
12 prenatal records for patient Iris R. that she was given  
13 urine checks to determine the level of her blood sugar,  
14 a standard in the care and treatment of pregnant women.

15 (7) PATIENT #7 MARIA T. (766622)

16 (a) On or about March 31, 1988 at  
17 approximately 8:30 P.M., respondent's 28 year-old patient  
18 Maria T. was admitted to the hospital with her cervix  
19 dilated to 7-8 centimeters.

20 (b) On or about April 1, 1988 at  
21 approximately 12:24 A.M. the patient sustained a rupture  
22 of the membranes.

23 (c) At 2:50 A.M., the patient's cervix had  
24 dilated to 9 centimeters.

25 (d) Patient Maria T. was taken to respondent  
26 Lee at 2:55 A.M. for delivery.

1 (e) At 3:00 A.M. respondent Lee disappeared  
2 from the delivery room.

3 (f) At 3:03 A.M., patient Maria T. was  
4 delivered by the nursing staff.

5 (g) At 3:05 A.M. respondent Lee reappeared.

6 (h) The respondent was unavailable for patient  
7 Maria T.'s delivery.

8 (8) PATIENT #8, DEBBY T. (757677)

9 (a) On or about November 26, 1987 at 2:40  
10 P.M. respondent's 27 year-old prenatal patient Debby T.  
11 was admitted to the hospital at term and in active labor.

12 (b) There was no documentation in respondent's  
13 prenatal records for patient Debby T. that she was given  
14 urine checks to determine the level of her blood sugar,  
15 a standard in the care and treatment of pregnant women.

16 (c) Respondent Lee did not use Pitocin in an  
17 attempt to bring the patient's contractions closer  
18 together.

19 (d) Pitocin is a drug used for the initiation  
20 or improvement of uterine contractions.

21 (e) Patient Debby T. did not progress in labor  
22 due to a cephalopelvic disproportion, a condition in  
23 which the baby's head is too large or the mother's birth  
24 canal is too small for normal labor or birth.

25 (f) Respondent Lee delivered patient Debby T.  
26 via Cesarian Section on November 27, 1987 at 2:32 A.M.  
27

1                                   (9) PATIENT #9, KAREN R. (762484)

2                                   (a)     On or about January 23, 1988 at  
3 approximately 7:00 A.M., 22 year-old patient Karen R. was  
4 admitted to the hospital via transfer from another  
5 facility complaining of generalized weakness, fever,  
6 chills, low abdominal pain and continued watery, bloody  
7 discharge for the past 2-3 days. Karen R. was in her  
8 21st or 22nd week of pregnancy as measured by sonogram,  
9 but in her 29th week by date. Respondent began treating  
10 patient Karen R. at the hospital.

11                                  (b)     Karen R.'s white blood cell count was  
12 30,000, an indication of infection.

13                                  (c)     Karen R. was leaking a brownish bloody  
14 fluid from her vaginal area and experiencing contractions  
15 every 2-3 minutes.

16                                  (d)     The fetal heart tone was 160-170.

17                                  (e)     Karen R. had a temperature of 100.4°.

18                                  (f)     Respondent diagnosed her as having a  
19 premature rupture of the membranes.

20                                  (g)     Respondent also diagnosed Karen R. as  
21 having acute chorioamnionitis which is a swelling in the  
22 fetal membranes caused by organisms in the fluid  
23 surrounding the fetus.

24                                  (h)     The respondent did not want cultures to  
25 be taken to determine the presence of infection.  
26  
27

1 (i) The respondent, after consultation with  
2 another physician agreed upon termination of pregnancy  
3 due to maternal infection.

4 (j) Patient Karen R. agreed to the termination  
5 of her pregnancy.

6 (k) The respondent administered Prostin E and  
7 the labor progressed.

8 (l) Respondent started antibiotics without  
9 prior cultures.

10 (m) At approximately 6:25 P.M., respondent  
11 delivered a baby girl; the baby had a heartbeat and  
12 Apgar 1-1.

13 (n) The respondent told the nursing staff to  
14 "forget it; baby is dead."

15 (o) The respondent did not call a pediatrician  
16 to assist with the infant and in fact, the respondent  
17 refused the request for a pediatrician tendered by the  
18 nursing staff.

19 (p) The baby and the placenta were covered  
20 with a pus-like substance.

21 (q) At 6:45 P.M., the baby was transferred to  
22 the Neonatal Intensive Care Unit (NICU) due to a  
23 persistent heartbeat.

24 (r) The baby died at 8:10 P.M. in NICU.

25 (10) PATIENT #10, ISABELL B. (751274)

26 (a) On or about November 1, 1987 at  
27 approximately 5:30 P.M., respondent's 39 year-old

1 prenatal patient, Isabell B., arrived by ambulance from  
2 another facility at the request of the respondent.

3 (b) This was Isabell B.'s sixth pregnancy and  
4 she had a history of 35 minute labor; she was in her  
5 seventh month of pregnancy and her bag of water had  
6 broken.

7 (c) When Isabell B. arrived at the hospital,  
8 her cervix was dilated to 4 centimeters and she was  
9 passing thick meconium, a sign of possible fetal  
10 distress.

11 (d) The respondent did not accompany Isabell  
12 B. in the ambulance.

13 (e) Isabell B. was delivered by nursing staff  
14 at 5:53 P.M.

15 (f) Respondent Lee was unavailable for the  
16 delivery of patient Isabell B.

17 (11) PATIENT #11, MONIQUE S. (741173)

18 (a) On or about November 25, 1987, respondent  
19 Lee performed a D&C on patient Monique S. During the  
20 surgery, the respondent perforated the uterus of Ms. S.

21 (b) The respondent did not document in his  
22 written account of the surgical procedure that he had  
23 perforated the uterus of Monique S.

24 (c) The respondent sent Monique S. home  
25 without instructions regarding the perforation of her  
26 uterus.

1 (d) The respondent did not take precautions  
2 against possible infection such as prescribing  
3 antibiotics.

4 (e) On or about November 30, 1987, patient  
5 Monique S. was readmitted to the hospital after  
6 complaining of abdominal pain and vomiting; she was  
7 admitted with acute abdominal pain and acute peritonitis  
8 which is a swelling of the membrane that covers the wall  
9 of the abdomen.

10 (f) Diagnostic Imaging on November 30, 1987  
11 indicated findings consistent with a perforated hollow  
12 viscus or uterus in patient Monique S.

13 (g) Patient Monique S. required surgery nine  
14 days after the D&C due to the infection.

15 (12) PATIENT #12, CHANDRA V. (777015)

16 (a) On or about September 20, 1988 at 7:15  
17 A.M., respondent's 30 year-old prenatal patient, Chandra  
18 V. was admitted to the hospital for delivery.

19 (b) Dr. Lee said that he checked her at noon.

20 (c) Patient Chandra V. entered the second  
21 stage of labor at 2:45 P.M..

22 (d) At 3:30 P.M., patient Chandra V. was taken  
23 to the delivery room crowning, the phase at the end of  
24 labor in which the baby's head is see at the opening of  
25 the vagina.

26 (e) Respondent Lee was paged at 3:30 P.M.  
27 regarding patient Chandra V. He did not respond.

1 (f) At approximately 3:30 P.M., respondent  
2 Lee's office was also telephoned regarding patient  
3 Chandra V. The respondent was not in his office.

4 (g) Respondent Lee arrived at the hospital at  
5 4:05 P.M.

6 (h) Patient Chandra V.'s baby was delivered  
7 at 4:08 P.M.

8 (i) Respondent Lee was unavailable for the  
9 care and management of patient Chandra V.

10 (13) PATIENT #13, BABY BOY P. (775561)

11 (a) On or about August 25, 1988, respondent  
12 Lee was the primary physician handling the labor and  
13 delivery for prenatal patient Estela P., the mother of  
14 Baby Boy P.

15 (b) During the delivery of Baby Boy P.,  
16 respondent poorly applied and/or misapplied the forceps,  
17 causing excessive bruising over the left eye and temporal  
18 area of the infant with swelling over the right ear.

19 (c) This case involves injury to an infant.

20 (14) PATIENT #14, JACKIE T. (777241)

21 (a) On or about October 1, 1988 at 11:30 P.M.  
22 24 year-old prenatal patient Jackie T. called respondent  
23 to report that she had felt no fetal movement.

24 (b) Respondent advised Jackie T. to rest.

25 (c) The nursing staff telephoned respondent  
26 at approximately 24:00 (midnight on October 1, 1988,  
27 going into October 2, 1988) to report that patient Jackie

1 T. was at the hospital. The patient had no fetal heart  
2 tones.

3 (d) Respondent advised the nurse to tell the  
4 patient to go home and return later in the morning  
5 (October 2, 1988) for an ultrasound to determine fetal  
6 viability.

7 (e) Jackie T. was admitted to the hospital on  
8 October 2, 1988 at approximately 12:20 P.M.

9 (f) The ultrasound, done at 1:40 P.M.,  
10 confirmed the absence of fetal movement and cardiac  
11 activity.

12 (g) On two tests for blood sugar, Jackie T.  
13 had a glucose count of 800 and 880, indicating that she  
14 was diabetic.

15 (h) There was no documentation in respondent's  
16 prenatal records for patient Jackie T. that she was given  
17 urine checks to determine the level of her blood sugar,  
18 a standard in the care and treatment of pregnant women.

19 (i) Induction of labor was initiated but the  
20 patient did not progress. A Cesarean Section was  
21 performed by respondent at approximately 5:57 P.M. on  
22 October 3, 1988, delivering the dead fetus.

23 (15) PATIENT #15, PATRICIA A. (775255)

24 (a) On or about August 19, 1988 at 8:50 P.M.,  
25 respondent's 22 year-old prenatal patient was admitted  
26 to the hospital for a premature rupture of the membranes  
27 and early labor. She was in her 38th week of pregnancy.

1 (b) The respondent administered Pitocin  
2 augmentation for two hours, starting at 11:00 P.M. then  
3 discontinued it.

4 (c) The respondent performed a Cesarean  
5 Section on patient Patricia A. on August 20, 1988 at 9:38  
6 A.M., after approximately six hours of inadequate labor.

7 (16) PATIENT #16, DIANE M. (773141)

8 (a) On or about July 15, 1988, respondent's  
9 23 year-old prenatal patient Diane M. was admitted to the  
10 hospital at term for delivery with a rupture of the  
11 membranes.

12 (b) Patient Diane M. did not progress in labor  
13 because of a cephalopelvic disproportion.

14 (c) Respondent performed a Cesarean Section  
15 of patient Diane M. at 9:11 A.M., some six hours after  
16 the patient had reached complete dilation at 3:15 A.M.

17 (17) PATIENT #17, MARY E. (769370)

18 (a) On or about May 25, 1988, respondent's 22  
19 year-old prenatal patient Mary E. was admitted for  
20 delivery.

21 (b) The respondent did not document in his  
22 medical records for patient Mary E. that she had a prior  
23 history of herpes, with a fresh outbreak thereof two  
24 weeks prior to her admission to the hospital for  
25 delivery.

26 (c) Respondent did not inform the nursing  
27 staff that patient Mary E. had a history of herpes.

1 (d) Respondent performed a Cesarian Section  
2 on patient Mary E.

3 B. ALLEGATIONS OF GROSS NEGLIGENCE

4 (1) In violation of section 2234(b) of the Code,  
5 Respondent Lee committed gross negligence in his treatment  
6 and/or care of seventeen patients by a continued pattern of  
7 negligence and incompetence as follows:

8 (a) Respondent failed to give routine urine  
9 checks to determine the level of blood sugar in prenatal  
10 patients Iris R., Debby T., Jackie T. and Diane M.--  
11 patient numbers 6, 8, 14 and 16, respectively.

12 (b) Respondent failed to make himself  
13 available to care for the imminent needs of patients  
14 Maria A., Helen V., Teresa S., Maria T., Isabell B. and  
15 Chandra V.-- patient numbers 2, 3, 4, 7, 10 and 12,  
16 respectively.

17 (c) Respondent failed to make himself  
18 available for the delivery of patients Maria A., Teresa  
19 S., Maria T. and Isabell B, causing another physician or  
20 the nursing staff to effectuate the delivery of infants  
21 of said patients -- numbers 2, 4, 7 and 10, respectively.

22 (d) Respondent failed to properly apply  
23 forceps in delivering infants Baby Girl C. and Baby Boy  
24 P., patient numbers 1 and 13, respectively, causing  
25 injury to each of the infants.

26 (e) Respondent failed to properly treat, care  
27 for or prescribe Cesarean sections for patients Iris R.,

1           Isabell B., Patricia and Mary E.--patient numbers 6, 10,  
2           15 and 17, respectively.

3           (f) Respondent failed to properly evaluate the  
4           condition of and/or failed to properly prescribe an  
5           appropriate treatment and management plan for patients  
6           Chau T., Karen R. and Monique S.-- patient numbers 5, 9  
7           and 11, respectively.

8                   (1) Respondent failed to properly  
9           evaluate patient Chau T.'s (patient #5) condition  
10          of premature rupture of the membranes when she first  
11          complained of a dark brown and/or pink discharge  
12          three days before she was admitted to the hospital  
13          with symptoms of infection.

14                   (2) Respondent failed to order cultures  
15          to determine the presence of infection in his  
16          treatment of patient Karen R. (patient #9).

17                   (3) Respondent failed to order cultures  
18          prior to prescribing antibiotics for patient Karen  
19          R. (patient #9)

20                   (4) Respondent failed to document in his  
21          surgical records that he had perforated the uterus  
22          of patient Monique S. (patient #11).

23                   (5) Respondent failed to advise patient  
24          Monique S. that her uterus had been perforated and  
25          respondent failed to take precautions against  
26          infection prior to releasing said patient from the  
27          hospital.
